2010 Biotechnology Summer Program for Middle School Students
At Bridgewater State College CityLab

Whale of a Mystery

Students who are entering grades 6, 7, 8 or 9 in the fall of 2010 are invited to apply for this exciting and educational week-long summer program. Using investigative laboratory techniques, participants will solve a forensic mystery related to the hunting of endangered Cetacean species. They will work in teams to conduct laboratory research, develop a poster, and present their results orally at a public poster session.

Two separate one-week sessions are offered:

Session I, July 12-16, 2010
Session II, July 19-23, 2010

The program meets daily, from 8:30 am to 4:00 pm, on the Bridgewater State College campus.

The fee of $250 per student does not include lunch or transportation. Need-based scholarships will be available.

Application packets are now available!
