

BSC CityLab
Moakley Technology Center, Room 308
Bridgewater State College
Bridgewater, MA 02325

Dear BSC CityLab Participant,

The staff of CityLab at Bridgewater State College (BSC) is pleased to open our doors to another year of biotechnology enrichment for your students. We will make every effort to accommodate your request. However, please understand that we are fortunate to have "partner school districts" that provide us with financial assistance in return for a set number of programs for their teachers and students. Therefore, several dates are already taken.

The following modules will be offered at BSC CityLab during the 2009-2010 school year (please see the BSC CityLab website at <http://webhost.bridgew.edu/CityLab> for descriptions):

Lab Larceny, most appropriate for high school biology classes

***Crucial Concentration**, most appropriate for middle school science classes

***Mystery of the Crooked Cell**, most appropriate for middle school science classes

* Programs based on modules designed by Boston University School of Medicine CityLab

How to Register for 2009-2010 Classroom Visits

To request a reservation for the 2009-2010 academic year, please complete and mail or FAX the enclosed form. Please send a separate reservation form for each visit, unless the request is for multiple visits by the *same teacher*, bringing the *same grade* level students to the *same module*.

MAIL TO: BSC CityLab Reservations
Moakley Technology Center, Room 308
Bridgewater State College
Bridgewater, MA 02325

FAX: 508/531-4635

We will send a confirmation letter to inform you of the BSC CityLab reservation date(s) for your classes. Reservations will be confirmed directly with the person making this reservation. The confirmation letter will provide additional details regarding your visit such as policies, procedures, directions, student permission slips, pre-visit materials and other pertinent information (also available on our website). If you have any questions, please contact Kayla Cetrone, our Program Coordinator, by phone at (508) 531-2635 or by email at kcetrone@bridgew.edu.

Sincerely,

Cielito "Tammy" D. King, Ph.D.
BSC CityLab/CASE Co-Director

Boriana Marintcheva, Ph.D.
