

Parent Survey: Bullying & Cyberbullying

We are all making progress today in being more aware of and more responsive to bullying and cyberbullying. In an effort to make sure that we're addressing everyone's needs, we'd like to hear about your concerns as a parent in this community. Thank you for taking the few minutes needed to let us know your thoughts.

We're going to ask questions about bullying and cyberbullying behaviors. BULLYING refers to repeated behaviors which are intended to intimidate, humiliate or frighten someone. Bullying isn't a one-time event and it's not the more mild issues, like being annoyed.
