

## A Note on Finding References...

When doing searches on the web, you will easily find references for Wikipedia, various encyclopedias and similar materials. These are not the type of references you should be using as your main references.

But! The screen clip below is from a search on Home Rule in Ireland, and this article is from Wikipedia. Note though that at the end of the article, there are many references. You could check these out to see if there are any there that you could use!
